Belle Glade Leads in Population in Glades By Census Figures

Area Shows Fine Increase To 34,392 to Keep Pace With Developments

Glades people have been patiently awaiting the release of semi-official or official figures on our real census population and thanks to Dwight Updegrave, County Supervisor of Registration, who took an active part in collecting revised figures in the precincts involved, the Herald herewith presents the score.

Total population of Palm Beach county, 112,502, represented by 40,238 in West Palm Beach, the largest city in the county. Population in Glades precincts: Precinct 28, Belle Glade, 12,400; Precinct 36, Pahokee, 10,275; Precinct 35, Canal Point, 3,966; Precinct 37, Chosen, 2,100; Precinct 39, South Bay, 3,405; Precinct 40, Lake Wales, 2,088; Precinct 41, Shawano (Brown's Farm) 147, or a total Glades population of 34,392.

These figures show a most pleasing increase throughout the county but especially in the Glades section and the question as to which city, Belle Glade or Pahokee is the largest in population should cease to be a controversial question. An earlier release of figures showed that Pahokee was the largest, but not being satisfied with that alleged fact, a check was taken which brought Belle Glade well to the fore in the population contest and there are few who will say in face of all facts, that these recent releases are not correct.

The Glades is not only gaining big strides in population growth, but in other ways as well, in farm expansion, packing houses, processing and ice plants, which will be more than matched when civilian building projects can be carried out as planned.

There is no stopping Glades growth and possibly the time the next decennial enumeration or census is taken, the Glades will be double that represented in the 1945 count.

Chairmen Of Lions Committees Named By President

In the absence of President W. P. Risk, Ralph J. Smith, president of the Lions Club, has announced the committee chairmen appointments as designated by the absent president which are as follows:

Constitution and By-Laws: Lee Puckett; Education: William Jeffries; Boys and Girls Work: W. M. Cook; Citizenship and Patriotism: Jay Sample; Community Betterment: Joseph Connell; Education: Frank White; Health and Welfare: W. T. Tebstra; Safety: Ray Whitlock.

The following will work under W. W. Weeks, second vice-president: Attendance: W. W. Weeks; Blind: V. A. Boots; Civic Improvements: headed by Donald Weeks; Finance: G. J. Allard; Publicity: J. E. Enlow; Membership: H. H. Pugh; Program and Entertainment: Henry Earwood.

The club named H. L. Hanes as its member to serve on a special committee in connection with a proposed Fair and Youth building to be erected at the Everglades Experiment Station by the state and local assistance.

The club has donated \$400 to the City Recreation Committee and \$50 for an eye operation for a worthy Lions child.

W. L. Cunningham, as tail waiter, conducted a spelling bee which created much amusement as well as money for the sight fund.

Lula's Returning Home

Mr. and Mrs. C. Lutz, and son Kenneth, who have been at the Mayo clinic at Rochester, Minn., for the past three weeks, where Mrs. Lutz went for medical service, left for home on Tuesday and are expected to arrive the latter part of the week.

While enroute north they stopped off in Indiana to visit Mrs. Lutz's aged mother.

Quick Justice Handed Frank Aldo Garrone

Frank Aldo Garrone, a painter of Pahokee, while working around the home of Walter Glennon, some way found that the latter had a cash box hidden in his home. On Monday night while the family was attending a picture show, Garrone forced entrance into the home, and carried away the box which contained in excess of \$13,000 in currency. Deputy Sheriff Frank O'Connell visited Garrone's home and found the money. Less than 24 hours after the theft, Garrone had been arraigned in court and now faces a seven year stretch at Raiford.

Visiting Dakota Potato Farms

Messrs. C. W. McDonald, Arthur Wells and Wendell Lyons are making a tour of inspection into the Dakota and Minnesota potato fields to look over the seed potato situation, and while they expect to place large orders for planting potatoes in the Glades section, while there they expect to look over farm and cultural methods of crops as carried on in that section of the country.

Belle Glade Herald Enters On Sixth Year

With this week's issue the Belle Glade Herald entered upon its sixth year as a compendium of news information for the city in which it is located and the adjacent territory. The Herald has had its ups and downs, but as a whole, has done a pretty thorough job of meeting the cause of its issue.

The Herald does not attempt to "cover the news world," but does try to look after its own bailiwick and seek to give every citizen the news of his town. This newspaper believes that its news is measured solely by the amount of good service it renders to the community. At all times its policy is: To publish reliable, factual news which is prime interest to the people of the Glades, and to be constructive, support for what is right for the community, resist the harmful. To join with the community on those programs of betterment and advancement of all.

Goes On Business Trip

Mr. and Mrs. W. P. Risk and daughters, who have been spending the past two weeks at Bradenton Beach, arrived home on Sunday night, reporting a most pleasant stay at that gulf resort. On Wednesday they again left on a motor trip which takes them to Philadelphia, Chicago and Milwaukee.

Erecting New Warehouse

H. E. Jones, (Candy), has started the erection of a concrete warehouse building on West Avenue A, 25x60 feet in dimensions, which he will use to house his reserve stocks of candy, peanuts, cookies and other wares which he specializes and distributes in the Glades area.

EDITOR'S NOTE—At last we find ourselves entirely out of service men's pictures for publication. The last picture we had on hand three years ago was had on hand almost a year and ten pictures ahead, and believe it or not, we still have them. We are bringing in your pictures and will be accompanied by a letter or photograph or a clear and distinct description of the man. It will be returned to you in perfect condition.

WILLIAM T. WILLIAMS
A release from public relations at an aviation engineer base at Oklawaha states that Williams is a member of a reserve unit of the state of private first class. His unit is building airfields for the final drive on Japan. He is the son of Mrs.

Belle Glade Man Gets Trip Unto The Holy Land

Billy Taylor Has Honor of Wearing Medal Awards Granted Him

Flight Engineer James William Taylor, serving with the Ninth Air Force in the European war theatre, who was home for a brief furlough visit with his parents, Mr. and Mrs. Geo. A. Taylor, is now in Bluefield, W. Va., visiting his grandmother, Mrs. J. W. Deaton. He will re-

turn here for a longer visit in the near future when the Herald hopes to contact him for a story which was missed on his brief stay here.

However, the Herald writer did have the opportunity of reading an extensive article prepared by "Billy" which he dedicated to his parents, entitled "My Visitation in Palestine." As we read the most interesting and readable narrative in which he described his trip to the Holy Land, we discovered that the author had a fine command of the King's English and knew how to assemble it in a most creditable literary form, his descriptive work being excellent.

We also found that Billy had been well educated in Bible lore. From Bible school and personal reading along the religious lines, and if there was anything he was interested in his tour, conducted by an American, do not know what it could be, but notwithstanding that fact Billy has a return date booked for that wonderful land.

Since childhood he has had a desire to visit the Holy Land and visit the places of Bible story, and even if it did take a war, and many personal dangers loomed there, he was thrilled that this ambition had at last been realized.

As a result of his service Billy is a very proud of the Air Medal and Oakleaf Cluster which was awarded him.

Revs. Jay O. Jamieson and Walter Jones are claspings a group of young people from the Community and Lake Harbor Methodist churches, at an outdoor service, at the Fifth Flamingo near Lakeland, for the week. Those attending from Belle Glade are: Kenneth Kay Lutz, Jean Lutz, and Kenneth Harbar; and from Lake Harbor, Jay and Bobby Crouch, Ray and Dorothy Kinney and Virginia Keller.

Attending Camp Session

Revs. Jay O. Jamieson and Walter Jones are claspings a group of young people from the Community and Lake Harbor Methodist churches, at an outdoor service, at the Fifth Flamingo near Lakeland, for the week. Those attending from Belle Glade are: Kenneth Kay Lutz, Jean Lutz, and Kenneth Harbar; and from Lake Harbor, Jay and Bobby Crouch, Ray and Dorothy Kinney and Virginia Keller.

AC HENRY (TED) LAMB
Ted, son of Mr. and Mrs. H. Lamb, has reported to the pre-flight school at Maxwell Field, Alabama, an installation of the AAF Training Command, to begin another phase of his training in the army air force. This course will include ten weeks of intensive physical, military and academic instruction.

HERMAN C. WINNE, QM 3c
Winne writes that his outfit has been assigned to sea duty and would like the Herald sent to his new address. He is aboard the U. S. S. Hampton and he was at sea when he wrote. He said they were constantly on the move but received their mail at regular intervals.

Pie WALTER R. JONES
A bronze star medal for heroic achievement in action during the

Jay Sample Buys Himself a Sawmill

Jay Sample may be big and move slow, but he usually gets in a full day of activity, and says if any one wants to take on a headache just get into the lumber business. Early morning hours finds him wheeling his truck down Immokalee way for a load of rough timber, secured from saw mills in that section, while at night time he will be rolling in with a like cargo picked up the way over in Vance in Glades county. He has also secured a new Mill Planer.

Not desiring to entirely depend upon supplies from these lumber sources, Jay has bought his own sawmill southeast of Immokalee, where he has cut a fine stand of timber to be cut and placed on the market. He is also looking after several other timber tracts over in Vance and is now waiting for the necessary permits to acquire for his use.

Jay says that there has been some looking up of some types. His new mill has a 10,000 ft. of lumber, but that finished product is just as tight as ever, and that is why he has it for purchases, this is not a favorable time to try to build, especially if it is a project that is to have real value and lasting worth.

Belle Glade Gives Liberal Donation To Worthy Cause

Acting under authority of the Palm Beach County Resource and Development Committee, who sponsored the movement to raise a fund of volunteer donations, known as the Legislative fund, the Belle Glade Herald was named as the clearance and collecting agent for Gelle Glade, and as a result this agency has sent in an even \$300, although some of the money was raised outside this agency, no doubt would bring the total donations to over the \$400 mark.

By Angelo Delle people were asked and cheerfully given as being given for a good cause.

10,906 Veterans Places Through Civil Service

10,906 Veterans have been placed in Federal positions in the Fifth U. S. Civil Service Region during the first six months of 1945. O. E. Myers, assistant director, announced today.

During this period, veterans of World War II accounted for 8,190 of the placements, or 75 percent of the total employed.

2,584 veterans of other wars, 124 widows of servicemen or wives of veterans disabled in this war, and 28 widows or wives of disabled veterans of other wars, obtained positions in Federal positions within the Fifth Region, which comprises the state of Alabama, Florida, Georgia, South Carolina, Tennessee, and the island of Puerto Rico.

All veterans seeking Federal employment are strongly urged to contact the nearest Veterans' Bureau office.

LESTER E. DAVIDSON
At graduation ceremonies at the Naval Training School (Radio) on the island of Wake, Lester E. Davidson, Madison, Wisconsin, on June 15, Lester E. Davidson, son of Mr. and Mrs. H. G. Davidson, was named as the radio operator of the fleet, his training was designed for a specialized navy job in the Pacific area, and Davidson expects soon to receive his assignment.

Prominent Pahokee Woman Dies

Mrs. Emma C. Friend, wife of Frank Friend, of Pahokee, died on Friday, after a lingering illness, and funeral services were held at the Pahokee Methodist church, Tuesday, in charge of the Carl Moore, Mrs. Friend came to the Everglades 10-1918 with her husband, who is one of the large farmers of the Pahokee in civic and church life. She was survived by her husband, Frank Friend, two daughters, Mrs. A. E. Morgan, of Pahokee, Mrs. Elmer E. Bishop, of West Palm Beach and one son, Lewis Friend, of Pahokee.

Walker Fears Has Critical Affliction

Mrs. B. F. Fears and daughter, Kathryn, left on Tuesday morning for Jacksonville, where she was to see Walker, who is in the Navy hospital, where he has been a patient for the past 30 days. Since Mr. Fears was past 30, Mrs. Fears has been very anxiously ill, and is only now able to see visitors.

It is now learned that while in the Panama Canal zone, Walker was seriously ill, and a chest marine, that Walker was taken down ill, with what later proved a spine tumor, for which he underwent several critical operations. These operations left his body in a partially paralyzed condition, which may cause him a life affliction.

Rains Quench All Fires

Guy Bender, chief of the Everglades Fire Control, states that as a result of the general rains that have fallen in the past 30 days, that all know fires in his inspection area are now under control. The fires in the woodlands and swamps are now well soaked or flooded with water. The fire equipment received during the past few days of the summer, got some pretty rough usage, and now many necessary repairs are being made.

Records are going to show that the fire fighters put in one of the busiest seasons since the department was formed.

Hardship Law Will Hold Property Owners

Recently a large collection of delinquent properties in Palm Beach county came into control of the County Commissioners, including some score of properties in Belle Glade. Under the new state law these lands could only be redeemed at 50 percent of the assessed value of the lands in the year which the delinquency was recorded and in some instances this was almost confiscatory.

However, the Commission, now announces that owners of these lands can recover some under what is known as the Hardship Law, whereby owners can redeem said lands by paying all taxes due against them which will go away with costly litigation.

Private Aubrey C. Young, who is now stationed in England and serving as a guard of prisoners of war. He served 33 months' overseas in England, North Africa and Italy and only recently returned to the States. He is the brother of Mrs. R. L. Barrett of Bay City.

S/Sgt. GLEN S. STALLIONS
An Oak Leaf Cluster to the Air Medal has been presented Staff Sergeant Glen S. Stallions upon completion of 450 hours of operational flight in transport aircraft over the dangerous and difficult task of flying in the Pacific where enemy interception and attack was probable and expected at all times. This award was made by the War Relocation Authority on September 28, 1944, to January 14, 1945.

The citation accompanying the award states: "Flying a night as well as by day, at high altitudes over impassable mountain terrain through areas charged by extremely treacherous weather conditions."

Florida East Coast And City Ice & Fuel To Expand Facilities

More Youths Head Out For Camp Blanding

Another small consignment of youths were sent out of Belle Glade Thursday morning by the Selective Service Board on induction call No. 60, headed for Camp Blanding. The list included the following:

Elmer Berryhill
L. N. Brannon, Jr.
Kyle Hatfield
Edward Howlett
Willard Cook
Amos McAllister
George Perkins, Jr.
Jerome Previtt
John Green
Clevo Young
Lorraine Boatwright, transfer.

Legislature Ends Its Long Special Session

The special session of the Florida Legislature came to an end on Tuesday when both houses passed the Frazier senatorial redistricting bill and it was later signed by Governor Caldwell, after 33 days of an arduous session.

The South Florida delegations stood firm to the last in demanding additional senatorial representation, and finally won over several members of the North Florida block to see the justice of their demands. The cost of the session was around \$1800 a day.

As the new bill makes division of the senatorial districts into two districts, North Florida, namely one to Palm Beach County and one to Broward county, which heretofore has shared one senator, and it was to be mainly this result that the bitter battle of the session was fought.

This action broke the strange tie which had held the legislature in politics and the legislature for many decades.

The only other shift affecting Florida is that Oklawaha, Lee and Osceola will have a senator and St. Lucie, Indian River and Martin will have a senator.

New Trackage and Shiping Service and Mammoth Ice Plant to Cost \$350,000

Improvements representing an investment of approximately \$325,000 are being made by the Florida East Coast Railway this summer and fall in its facilities serving the Glades area of Palm Beach county. The present territory, officials of the line announce. In addition, the railway has contracted with the City Ice and Fuel Company for the construction of another large ice plant at Belle Glade, costing around \$300,000 and to be completed as soon as the necessary material can be obtained.

The railway's program of improvement now in progress in the Lake area includes new side tracks, and new driveways serving various packing houses and precooling plants in the district, at some points involving an expenditure of many thousands of dollars. Operational trackage facilities are also being greatly expanded and altered around the Lake to increase capacity, speed up switching and otherwise provide shippers with considerable relief. The new facilities will be in operation by the end of the next shipping season gets under way.

The new ice plant planned for the Glades will be capable of producing 100 tons of ice a day, and have a storage capacity of 2,500 tons. It is to be increased to over 6,000 tons in the near future. Last season almost 25,000 tons of ice had to be shipped into the area from points as far distant as North Carolina. The plant will be served by Florida East Coast railway tracks, having overland.

(Continued on page 5)

OBSERVATION and Comment

By John M. Gledhill

Let's see, did not some one of the German leaders a few years ago promise the nation that no harm could come to the fatherland, either by air (sea or land), but they have failed, and now the leaders of the opposing nations ensconced in the former castle of the German Emperor.

Social Happenings

R. W. Kidder returned Monday from the Good Samaritan hospital where he has been receiving medical treatment and is convalescing at his home at the Everglades Experiment Station.

Mrs. Nell Scullen and Mrs. J. W. Potter left Sunday for New York City and East Orange, N. J., where they will visit Mr. and Mrs. Hans Stein and Mr.

and Mrs. George Tedder.

Miss Adelaide Perry, Supervisor of Nurses at the Migratory Labor hospital has returned from a month's vacation in Asheville, N. C.

Miss Mary Lucy Moore of Sparta, Ga., is the house guest of her aunt, Miss Sara Lee Crech.

Members of the Business and Professional Women's Club who attended the Sunset Tea at the home of Mrs. Jewel Hess Spache at Ft. Lauderdale Sunday afternoon were Mrs. Imogene Fontaine, Mrs. Abbie Zumpf, Miss

Mary Lucy Moore and Miss Sara Lee Crech.

Miss Sue Stanton is visiting relatives in Georgia and the Carolinas.

Doctor L. R. Leviton, assistant surgeon at the Migratory Labor hospital has returned from a vacation to New York City and Portsmouth, Va. He was accompanied by Mrs. Leviton and their small son who are residing in Palm Beach.

Mr. and Mrs. Howard Maddox of Avon Park were the week end guests of Mr. and Mrs. L. Hane at their cottage on Ft. Lauderdale Beach. They also visited friends here while enroute.

Mrs. Maddox is the former Miss Mary Millholland.

Mrs. Junius T. Harris has accompanied Sergeant Harris back

to his base at Welsh Convalescent hospital at Daytonia Beach and plans to remain there for several weeks.

Mr. and Mrs. C. J. Aspey have returned from a month's vacation at Meadville Pa. and Hartsville, Ohio.

Mrs. Wm. J. Buck has returned from a six weeks trip to Washington, D. C. and Quebec, Canada where she visited friends.

Mr. and Mrs. Gray Hopkins left last week for a vacation at their former home in Centerville, Pa.

Mrs. Carl T. Cone was the week end guest of Mrs. C. D. Hair at her home in West Palm Beach.

Mrs. Ruth S. Wedgworth left today by plane for Chickasaw, Okla., to visit her son-in-law and daughter, Lieutenant and Mrs. Joe Tom Boynton and baby.

Mrs. Tony Stein has returned from Biloxie, Miss., where she visited her husband, Private Stein who is stationed at Keeshlar Field.

The Rev. and Mrs. I. E. E. E. and children, Charlotte and Phillip have gone on a month's vacation to Cloverbottom, Ky., where they will visit friends and relatives. The First Baptist church will have its supply pastors during his absence the Rev. Arthur H. Wilde of Miami and Rev. A. D. Dawson of Clewiston who is a missionary with the Palm Lake Association.

Miss Mae McLendon is expected to return this week from Washington, N. J., where she has been visiting her parents, Mr. and Mrs. Bryant McLendon for several weeks.

Mrs. Jo Farmer and daughter Miss Norma Weeks is visiting in Newberry, Fla.

George Rashley has returned home after having spent his vacation in Clearwater, Fla.

PATE-JOHNSON

An announcement has been made of the marriage of Miss Melvie Johnson of Ft. Myers to Jesse B. Pate on July 3rd. The ceremony was performed by Judge G. A. Hubbell at his home.

The bride wore a green suit with white accessories. Prior to her marriage she was employed at the Clewiston Inn at Clewiston. Mr. Pate is the son of Mr. and Mrs. E. L. Pate and has lived here for the past ten years. During the past four years he has been employed at Embury-Riddle Field.

Following the ceremony a family dinner was served at the home of the groom's parents. Out of town guests were Mr. and Mrs. Willie Paulk and children of Clewiston.

B. P. W. CLUB WILL ATTEND DISTRICT MEET

The Business and Professional Women's Clubs of District 7 will hold a meeting in Hollywood on August 4 and 5 at the Hollywood Surf hotel. Reservations must be in by August 2, and details regarding this may be obtained from Miss Sara Lee Crech. A dinner will be served on the Marine Sky Deck Saturday evening and members who do not wish to remain for the week end may attend this only.

BLESSED EVENT

Mr. and Mrs. Frank Willer are announcing the birth of a daughter on July 19 at the Everglades Memorial hospital in Paluhkee. She has been named Mary Louise.

Will Work in Washington

John Delix who has been superintendent of the Okecant Sugar company project for the past several months, on Friday goes to Washington, D. C., where he will be busy on private business work for the Puerto Rico government. He expects to return to Belle Glade sometime in September to resume his former work. John says he likes the Everglades, Belle Glade in particular and that he considers it his second home.

Start Preliminaries On New Ramie Plant

Troop Brothers and Sands, general contractors, have moved equipment from Miami to the location for the new Ramie Plant north of the State Prison Farm No. 2 on the Belle Glade-Pahokee highway and have started driving piling for the foundation of the plant which

is to be constructed at that point to take care of ramie now being grown in this area.

The propagation of ramie, a fiber plant useful in making fine cloth has passed the experimental stage in the Lake Okeechobee area and only needs the

To Whom It May Concern:

Having been intimately associated for the past several years with the beautiful but fickle lady, Polly Ticks, and having been many times mis-lead and mis-used by her, and having finally come to the conclusion that there is no way to live in peace and tranquility with her, I am herewith and forever as of this notice, severing all relationships with her and do by this notice withdraw my support of her, and I shall not in the future be responsible for any of her frivolous actions or chameleon changes, nor for any act of violence or insincerity she may commit against my friends, or any persons whomsoever, either in Belle Glade, Palm Beach County, State of Florida, United States of America, or the Province of Georgia.

Witness my hand and seal this day and year as printed at the head of this newspaper.

W. L. CUNNINGHAM

Shipments are loosing up in the way of farm and mechanical tools and we will now be able to supply you with some of the same from this time on. We cannot enumerate what we have on stock or will soon receive, so come in and see what we have on hand.

A house never looks so attractive as when it is well lighted at night and it does not take a great deal more electric current to have it well illuminated, than if you use a one or two light scheme. We have the bulbs in most every wattage. A porch or garage night light is a most convenient adjunct and their use may save accident of a serious nature.

Vegetable Officials Now In Washington

LaMonte Graw, manager of
the Florida Vegetable Committee,
and a delegation of other FVC
survivors of adequate supplies of
week to learn if Florida growers
officials left for Washington to
receive governmental as-
surance of adequate supplies of
labor, transportation and mat-
erials in connection with the fed-
eral request for increased pro-
duction next season.

The Florida men will spend a
week or ten days in the national
capital exploring the ramifications
of the entire vegetable
picture as it affects the Florida
grower, including the situation
with regard to foreign competi-
tion, Graw said.

"The U. S. government has
asked for increased production
in practically every commodity
in an effort to relieve the short-
age in canned goods," Graw
stated. "Florida growers are
ready to comply, but they real-
ize steps must be taken to make
certain their products can reach
the market after they have been
produced."

"Unexpected embargoes last
season were an indication of the
serious damage which could re-
sult in the event an even heavier
production faced a transporta-
tion crisis."

Has Faith In His Running Mare

J. H. Harrell, who resides out
at Bean City is the owner of
three head of horses, all of them
pretty fleet on foot, but one of
them, "Dolly", known as the
"calf" mare, is one that 22 d-
clares is as fast as any horse in
the local area. To back this
statement up he points to the
fact that his animal defeated two
pretty well rated horses from
Ft. Myers over at the La Belle
track several weeks ago. He is
willing to match his horse with
any other runner on a suitable
running ground. Young "Buddy"
Harrell is the trainer and rider
of all three horses and has the
making of a mighty good jockey

WANTED

More men of Belle Glade
to attend Church and Bi-
ble school services in the
churches of the city.

The First Baptist church
hereby extends a cordial
welcome to all men to at-
tend any and all of its Sun-
day services.

QUOTES OF THE WEEK

"Veterans of this war are go-
ing to run the country."—Pres.
Truman to wounded GIs in Port-
land, Ore.

"We had seven more bands
than Kansas City!"—Proud boast
of Abilene, Kan., Gen. Ike's home
town, in re. its Eisenhower Day.

"The best defense of the Amer-
ican system of business is an
understanding of it."—Stanley
High, editor.

"Each individual worker must
be free to produce as much per
working hour as his ingenuity,
energy and skill make possible."
—DeWitt Emery, Pres. Nat'l
Small Businessmen's Assn.

"Love is blind. You can't
change human nature."—U. S.
Sen. Capehart, Ind., back from
Europe, on non-frustration
order.

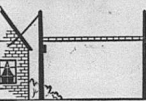

"Non-frustration is the
back."—Pres. Walter Dill Scott, 24,
Goshen, Ind., just back, in re.
same.

It takes
all
of
these

to give
you
Telephone
Service

The instrument itself is
only a very small part of
the facilities needed to fur-
nish you telephone service.
The necessary wires must be
available from your house
to the telephone central
office... there must be
available switchboard facili-
ties... and a great deal of
other equipment.

Major additions to tele-
phone facilities have been
stopped for over three
years because the manufac-
ture of telephone equip-
ment has been diverted to
the needs of our armed
forces.

To meet the demands of
the thousands who are wait-
ing for service, Southern
Bell is engineering a pro-
gram of expansion to begin
when equipment is avail-
able. As this necessary new
material and equipment
does become available addi-
tional time will be required
for its installation and to
catch up on present held
orders for service before
new telephones can be in-
stalled without delay.

**SOUTHERN BELL TELEPHONE
AND TELEGRAPH COMPANY**
INCORPORATED

MR. FARMER

In the past ten years carloadings of vegetables in Belle Glade
have more than doubled. In the same period packing facilities
have been improved but have not been expanded to keep pace with
this increase

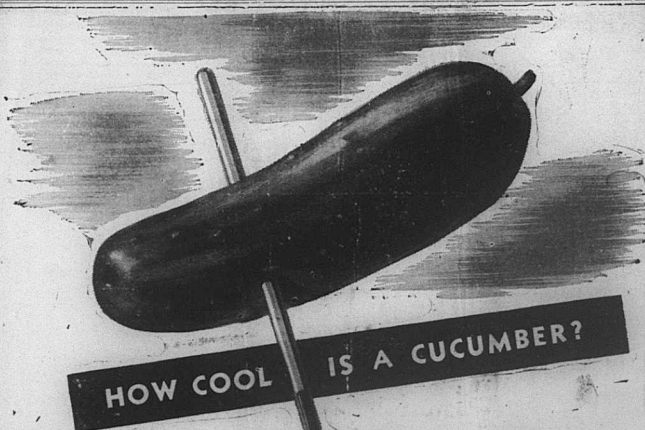

We have lost crops that were ready to harvest because of this
condition. Crops that would have meant money in the bank.

This Mr. Farmer is the reason for the plant now under con-
struction by the E. H. Borchardt Company. The capacity of this
plant will be 25 carloads daily.

Services and facilities of this plant will be offered without
strings attached. We will pack, precool and sell, at equitable
rates, ANY CROP YOU WANT TO GROW, AT ANY TIME.
Each and all services are offered with or without the other.

We invite you to come in and discuss your plans for the
coming season.

**The E. H. Borchardt Packing
and Precooling Co.**

Simple! A cucumber is just as cool as you
choose to make it!

Air conditioning is much like that, too... and
air conditioning is best of all when it's engineered
specifically for your home or business property
by the Belcher Industries.

A flick of the switch... and you have clean, fresh
air of precisely the temperature and humidity
you desire... a blessing on hot, blistering days
... a joy on muggy, sweltering nights...

Cool and bracing as a breeze off snow-clad
mountain peaks... fresh and brisk as a walk
through Spring woods... you'll sing superlatives
of your own when Belcher installs your Carrier
Air Conditioning system.

Create your own climate for cool comfort.
Consult now with the Belcher Industries, 1221

Biscayne Boulevard, and bring along your
architect or consulting engineer.

Belcher will install your air conditioning system
and guarantee the results for efficiency, low
operating cost and lasting service.

By making your deposit now, priority of delivery
is assured... giving you first call on Carrier Air
Conditioning... the system which provides you
with clean, evenly-distributed, draughtless air of
precisely-controlled temperature and humidity
... day in and day out, summer and winter!
